

DECKBUILDERS

DESIGNED TO REFLECT A LIFESTYLE

Client: Bowbrook House School

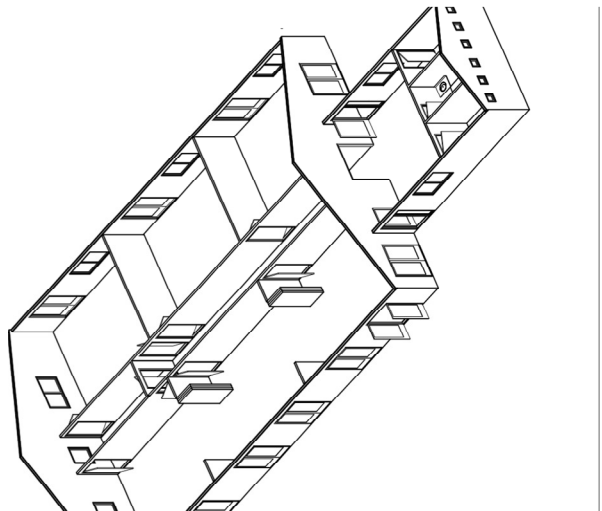

Project: New Classroom Block

Location: Peopleton, worcestershire

Completed: December 2017

Brief

Deckbuilders were asked to design, supply and install 6 classrooms and a toilet block for 120 senior pupils. The key criteria was for the new building to blend into the surrounding Parkland and it was therefore agreed to use SIPS panel system and clad in Western Red Cedar with Cedar shingles. Deckbuilders working closely with the planning department and Building control completed this new build from start to finish within 4 months

Consultation Options

Timber

WRC shingles with WRC cladding and standard SIPS panel construction manufactured from our yard in Pershore.

Challenges

Firstly, being a school the Children ! H&S being a key priority with every aspect. The logistics from first breaking ground to completing the paved areas all to be ready for Christmas .
