

DECKBUILDERS

DESIGNED TO REFLECT A LIFESTYLE

CASE STUDY:

Stepnell Ltd

LOCATION: University of Worcester
COMPLETED: 2015

The University of Worcester is a public research university, based in Worcester, England.

Deckbuilders were tasked with completing the final design, supply and installation of this complex 45 lin/m curved boardwalk at the University of Worcester campus. The project included all handrails and timber steps. Project was completed on budget and on time.

TIMBER SPECIFICATION

North European Redwood timber was used throughout the project pressure treated to Deckbuilders standard specification of Tanalith E to Hazard Class 4. All the deck boards had anti-slip aggregate inserts incorporated to aid with grip.
